

Zombiekill

Summer saw thousands of tourists on vacation flocking to the idyllic countryside and small towns of New Hampshire. Peterborough was no exception until people started dying and corpses started walking. Local fisherman Kyler barricaded his family in their home. Schafer, on vacation from Germany, locked his family in a budget motel. Millionaire Arthur Attwood hid in his mansion. All awaited rescue while the number of dead rose and the streets filled with zombies. Their paths will cross when civilization ends. Who will survive will depend on how they tackle the crisis that develops around them and the actions of a girl, Charlie, who is confronted with abominable terror. With adversaries both dead and alive, buckets of blood and gallons of gore, Zombiekill raises the bar in apocalyptic horror.
