

## All Engines Great and Small

A newly certified space engines mechanic desperate for a job applies for work in a small village in the asteroid belt. Its run by a beautiful women with a quirky sister. He gets the job, but must deal with falling in love with his boss, her sister falling in love with him, and a village full of eccentrics that include a man over exposed to cosmic rays who patrols around the village thinking hes a French Legionnaire. All Engines Great and Small is a sweet and charming story about a young man weighed down by doubts who comes to realize a village really can be a family.
