

## Under a Tell-Tale Sky: Disruption - Book 1 (Volume 1)

A different sort of post-apocalyptic series. Imagine you won the lottery the same day everyone else went bankrupt then had to collect your winnings in the worst part of town. In cash! When the lights go out, seemingly for good, Captain Jordan Hughes quickly discovers being stranded far from home on a ship with working generators and a cargo of ten million gallons of irreplaceable fuel isn't exactly a low profile position. Faced with rising crew discontent, and surrounded by worsening violence ashore, things can't get much worse until FEMA flexes their muscles. As the remains of federal government become increasingly corrupt and self-serving, Hughes joins a ragtag band of sailors, farmers, preppers ex-Coast Guardsmen, and dissident soldiers in an effort to re-unite his crew with their families and use remaining resources to rebuild a devastated society. Along the way they face a desperate and starving population, rampant violence from street gangs and escaped convicts, and powerful warlords created as an unintended consequence of the federal government's ill-advised use of mercenaries.
