

Emerald Shadow: Season One - Episode 3 (Steampunk OZ) (Volume 3)

From the bestselling author of S.D. Stuart's Minecraft Adventures comes an exciting action-adventure series set in the land of OZ. This is THE must-read action-adventure series for all YA readers! Even though it is set over a hundred years in the past, this could very well be the next great dystopian YA series. I never imagined OZ could be like this! There is no yellow brick road here. No emerald city. No lollipop guild. This is the Australis Penal Colony, a continent sized prison referred to the world over as the Outcast Zone. Built to contain the worlds most dangerous criminals, OZ ended up the dumping ground for everything polite society deemed undesirable. Season One Episode 3 Having survived Neros gladiator arena, Dorothy and her new group of friends are on the run and face danger at every turn.
