

Anywhere But Here: The Starborn Ascension: Book One

What if you could see the future with a single touch? What if that touch revealed someones death, and that person was someone you loved? Would you do everything you could to change it? In a post-apocalyptic world, where danger roams in many forms, seventeen-year-old Waverly seeks protection in the town of Crestwood after her boyfriend is ruthlessly killed by lawless raiders. But what she finds is a place wrought with mystery, shady dealings, and more instability than she anticipates.
