

UN Paseo Por LA Naturaleza: Explorando Una Reserva Natural = A Walk in the Wild (Spanish Books) (Spanish Edition)

Spanish language edition. Join in on an exciting tour of a wildlife refuge. We will see frolicking foxes, slithering snakes, leaping dolphins and many other creatures as they hunt for food, build homes and defend their territories. Lorraine Ward's very informative text provides interesting facts about wildlife and the purpose of conservation areas. Reserva Natural: Una aventura escolar explains the difference between a zoo and a wildlife refuge, and the importance of protecting not only the endangered species but all the species in a food chain. The very detailed illustrations are so real, readers can almost hear the chirping birds and munching raccoons.
