

## Savage (A Jack Sigler Thriller Book 6)

For more than a hundred million years, the Dark Continent has kept a savage secret. While on the trail of a stolen tactical nuclear weapon, Jack Sigler, callsign: King, and his black ops Chess Team, answer a cry for help. The Democratic Republic of the Congo is on the verge of exploding into another bloody civil war that will engulf all of Africa and put millions at risk, a crisis too politically volatile for any outside nation to touch. As the team, unfettered by political constraints, deploys across the globe, the threats spin out of control. A search for the Congos missing president becomes a quest to solve a century old mystery, and uncover a secret that powerful men will kill to protect. A mission to rescue a team of scientists from violent revolutionaries devolves into a desperate run through the jungle, pursued by both modern man and ancient beast. And the effort to stop a revolution becomes a brutal contest, pitting King against the most cunning and sadistic foe he has ever faced a deadly mercenary known as the Red Queen. King has traveled around the globe and across time to protect the people he loves. Now, he must face a harsh truth: he cannot save everyone. Jeremy Robinson and Sean Ellis, the bestselling team of The Brainstorm Trilogy and Prime return with an action-packed tale rivaling the best of Matthew Reilly and James Rollins. Savage is a fresh re-launch for Jack Sigler and the Chess Team, so if youve never tried a Jack Sigler thriller, this is the perfect point to jump in and enjoy the chaos. And if youre a long time fan, welcome back, and prepare yourself...
