

The Deviants

On an earth ruled by the Immortals, some people...just want to be different. The Deviant gene allows them to express their greatest desire. Johnny Knight, a Cherokee with cheek and a postmodern prophet of pizzazz, leads a super-powered team on a defiant romp through sexual, philosophical, and theological issues, as well as butt-kicking action. Is this book magical realism, fantasy, science fiction, or a philosophical treatise? Join in the reading of this genre-defying, valiant yarn by master storyteller Richmond West that is nothing short of...DEVIANT!
