

The Test, A Fierce Stone Novel #2 (The Fierce Stone Novels)

In this second installment of the Fierce Stone trilogy, our youthful narrator must come to terms with living in a raucous family dominated by his volatile grandmother and in a violent world run by women, many of whom are out to kill him. In the process, he learns to hold his own in the Octagon, while his mother reveals her more gentle nature until the betrayal of a former friend compels her to once again display her warrior side. Full of wild action, this fast-paced thriller is packed with loads of fun and excitement for readers looking for a quick page-turner to keep them up at night. A great, futuristic thriller. I love Fierce Stone. Shes all woman.
