

Magnet (Lacuna)

Its 2037. Im Mike Williams, but you can call me Magnet. Everyone else does. Its short for Chick Magnet, which is good old-fashioned military humour at its finest. At age fifteen, my face picked a fight with the propeller of my familys boat, on a shoal near Broome, off Western Australia. It was an accident, but, needless to say, the propeller won. Twelve years later, I was a not-so-ruggedly-handsome fighter pilot assigned to the TFR Sydney. Not the Captain, or flight leader, or anything similarly exciting. Nobody special, just one mostly-unmemorable pilot among the many nameless, faceless masses. Im Magnet. This is the beginning of my story. A 5500-word story in the Lacuna universe, set during the events of Lacuna: The Sands of Karathi.
