

Tracing The Stars: Corwint Central Agent Files Book 3

Hankarron Eros has loved Tara since she had pigtails, but his fear of losing their friendship provides leads him to keep his hearts desires locked away. When the truth about his family is exposed and leaves him grasping to hold onto his ship, his crew and his sanity, words are spoken that cant be taken back and the presence he had grown so used to having at a convenient reach is gone. Tara Flint has never denied her hearts attraction to the floppy-haired, brown-eyed Hankarron, even if he can be a stupid limik sometimes. Her strong will falters as she is forced to decide between a promise she made to her father, a boy she has loved since she had pigtails and the possibility of finding out what her life might be like without the presence of Hankarron always by her side. When you get knocked down, you get back up and hit the other guy harder. Trip Wild Fists Weston is a Runataji combat fighter at the top of his career with a fame and fortune he doesnt want and a Lucky Clover tattooed across his heart to remind him of the girl who is always just out of reach. When Taras luck lands her in his lap without Hankarron on her heels, Trip wonders if this is his chance to capture his Clover, or if Taras luck has other ideas in mind. Fate doesnt always give you want you want, but it will always give you what you need. Jennadri Szina doesnt have time for matters of the heart or trying to get two wayward agents back on track. Shes got a mission to run, a Director who is dying and a mother who isnt easy to impress. When Jehdra sends her to save Hank and Tara, Jen takes her mothers mission on at full speed, but she isnt prepared to manage Wild Fists Weston and his damn dimple. They say that the stories of our time will one day be traced into the stars to help guide others home. Fate strings intertwine with skipping stones across the stars of the universe, pulling it forward and writing new lines in the night sky as the Corwint Central Agent

saga continues to lead Ethan, Orynn and Jarren towards a collision that holds the power to change everything.
