

## Prosper Snow Series

Books one and two of the serial killer thriller series featuring Prosper Snow. The Kult People are predictable. That's what makes them easy to kill. Out of misguided loyalty, police officer Prosper Snow is goaded into helping his friends perform a copycat killing, but when the real killer comes after him, it's not only his life on the line, but his family's too. Now if he goes to his colleagues for help, he risks being arrested for murder. If he doesn't, he risks being killed. Killers makes monsters of people. Prosper Snow knows that better than most. Now he's back on the trail of another serial killer, only this time there's far more to the case than meets the eye. Thwarted at every turn, Prosper unwittingly uncovers a human experiment more monstrous than anything he could ever imagine. Now the only way to crack the case is to work from the inside and join a shadowy government agency that operates outside the law. Only he might be too late as the experiment has spiralled out of control. Shaun Jeffrey hits one out of the park with this creepy, character-driven thriller that starts with a jolt, stays in the fast lane, and plunges into the darkest territory of the human mind. --Jonathan Maberry, author of PATIENT ZERO Part mystery, part police procedural, part horror story, it's one thrilling ride. --Nate Kenyon, author of THE REACH The Kult is a creeping stalk through a shadowy labyrinth of thrills and terror. Shaun Jeffrey delivers a pulse-pounding novel of superb skill and unequivocal horror. --Jon F. Merz author of PARALLAX and the Lawson Vampire novels.
