

Traversing Skies Immortal

Have you ever imagined what heaven would be like if you could BUILD IT YOURSELF IN YOUR OWN MIND?? While that theme is one of many in this marvelous book of fantasy and mystery, it is only one, and subject to being over-ridden constantly by others such as the eternal struggle between good and evil, the treatment and condition of Christianity in an apocalyptic world, the true meaning of eternity, etc.. And then, there is just pure exuberance and joy...a fantasy spanning 6000 years of human history and the human future. There are demons and angels enough for anyone, and giants and trolls, and people you have perhaps met before in other books, but what the heck is a Sacrifant? You will be swept into several new dimensions and have your mind and your imagination pulled into inconceivable depths and tantalizing directions. This book is a ride you will never want to have stopped... Strengthen your faith and your inner child all between the amazing pages of this amazing book. 84,800 words, or app. 280 standard printed pages.
