

## Think Like a Cat: How to Raise a Well-Adjusted Cat--Not a Sour Puss

A fully revised and updated edition of the bestselling feline behavior bible. There are approximately eighty-five million cats owned as pets in the United States alone. And thanks to her regular appearances in the media and at veterinary conferences and humane organizations-most of their owners already recognize Pam Johnson-Bennett as the authority on all things feline. From basic health care to more serious behavioral issues, from training cats to use a scratching post to avoiding litter box problems this newly revised edition of Think Like a Cat covers all of a cat parents most pressing concerns-and solidifies its position as the topic leader for years to come.
