

## Plague of Angels (The Descended Book 1)

Shes the Queen of Hell. Hes the Son of God. Theyll end humanity... together. Nyx is the ruler of the banished Angels. When her flock returns home, shes stuck on Earth with none other than the Son of God. Surprisingly, Gods son tells her he was tricked into sacrificing himself for a cause he doesnt believe in - mankind's redemption. As his mortal body dies, the Son of God offers the Queen of Hell a paradise on Earth if she completes a single mission: helping him obliterate humanity. Nyx launches a thousand-year campaign of violence, sex, and betrayal to force Gods people to worship her instead. From the back streets of Jerusalem to the Popes bedchamber, Nyx and her companions work to destroy the worshippers of God. What Nyx doesnt realize is that her arrangement with Gods son isnt as simple as it seems. The Son of God has plans that nobody will see coming... Plague of Angels is the first book in The Descended saga, a series of dark fantasy novels that provide a twist on an old story. If you like fantasy fused with religion, thought-provoking plots, and graphic violence, then youll love John Patrick Kennedys tale of the underworld.
