

# A General History and Collection of Voyages and Travels, Vol. 1 (Classic Reprint)

In this enlightened age, when every department of science and literature is making rapid progress, and knowledge of every kind excites uncommon interest, and is widely diffused, this attempt to call the attention of the public to a systematic Arrangement of Voyages and Travels, from the earliest period of authentic history to the present time, ought scarcely to require any apology. Yet, on appearing before the tribunal of public opinion, every author who has not cherished an unreasonable estimate of his own qualifications, must necessarily be impressed with considerable anxiety respecting the probable reception of his work; and may be expected to offer some account of the plan and motives of what he proposes to lay before the public. The present work is the first of the kind that has ever been attempted in Scotland: and though, as already avowed in the Prospectus, the Editor has no wish to detract from the merits of similar publications, it might appear an overstrained instance of false delicacy to decline a statement of the circumstances which, he presumes to hope, will give some prospect of the work being received with attention and indulgence, perhaps with favour. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings.
